### **PROPOSED SURFIDE BUSLINES SCHOOL BUS SERVICE CHANGES**

- To commence 3<sup>rd</sup> August 2009

Since the beginning of the school year, Surfside Buslines have been reviewing our existing school bus services. Following valued customer feedback from schools & parents in the first term, we have been working towards making school bus service improvements for the majority of students using our services. The service changes have been designed to reduce overcrowding, provide quicker, more direct and reliable services whilst minimising the need for students to change buses, and are better timed to suit all school's bell times.

The service improvements will be implemented in stages, with the first stage concentrated in the following areas:- Fingal, Chinderah, Kingscliff, Salt, Casuarina, Cabarita, Bogangar, Tanglewood, Hastings Point, Koala Beach, Pottsville Waters, Black Rocks, Seabreeze estate, Cudgera Creek & Round Mountain.

Schools affected are:- Pottsville Primary, Bogangar Primary, Kingscliff High, Kingscliff Primary, St Anthony's Primary, Cudgen Primary, Duranbah Primary, Fingal Primary, Banora Point Primary, Lindisfarne Secondary, St Joseph's College, St James Primary, Centaur Primary, Banora Point High, Pacific Coast Christian and Lindisfarne Primary.

Detailed notices specifically relating to existing students travelling on current school services will be distributed by drivers from Monday 27<sup>th</sup> of July.
